

How can the *Jiva* free itself of this Emptiness, Loneliness?

1. Without solving this persistent problem of *loneliness and emptiness*, we have no foundation for right relationship with anybody.
2. J. Krishnamurti has thrown the greatest light on this problem of *how the Jiva may tackle this loneliness and emptiness*. He calls the *Jiva*, 'observer', 'thinker' and 'experiencer'. Note the terminology. We will next go to Krishnamurti.
